

Problem:

How to reset administrator password on a Konica Minolta Bizhub pro 1050 family machine

Solution:

1. Enter service mode (utility-stop 0 0 stop 0 1)
2. Select machine manager setting
3. Select manager authentication
4. Turn authentication on
5. Press OK
6. Select machine manager password
7. Delete the existing password
8. Enter new password. Press OK
9. Select manager authentication
10. Select authentication off
11. Press OK
12. Select exit
13. Turn the machine off.
14. After 10 seconds turn machine on
